Product Discontinuation Bulletin

Dear Valued Customer,

This letter is to serve as formal notification that Decatur Electronics Inc. will discontinue the manufacture and parts supply of the following mobile public safety products effective April 2, 2024.

Our intent, to allow for future planning by our valued customers for any necessary repairs or replenishments and to maintain an ample supply of parts until July 1, 2024, and afterwards or until stock is depleted. We assure our valued customer that all current product warranties remain in place.

Product	Sales Discontinuance Date
ONSITE 75 MX	April 2, 2024
ONSITE 200 MX	April 2, 2024
ONSITE 300	April 2, 2024
ONSITE 350	April 2, 2024

Decatur Electronics Inc. values our business relationships and looks forward to your continued interest in our speed measurement products. We certainly regret any inconvenience this announcement may cause. We are eager to discuss your agency or enterprise's future product speed measurement needs and to share our latest innovations in speed sensor development.

Should you have additional questions, please contact Decatur Electronics Inc. Customer Service at 1-800-428-4315.

Best regards,

Greg Roberts
